Neighborly Transportation Program

The Neighborly Care Network Transportation Program provides limited medical transportation for Pinellas County residents 60 years of age and older who are not eligible for Medicaid transportation. Prospective clients, including a personal care attendant, must register prior to receiving transportation.

Transportation is limited to 10 miles from the client's home and is provided based on the availability of grant funds. Transportation is provided between 9:00 a.m. and 2:30 p.m. Transportation service cannot be provided outside of these hours.

After registering, each client may call Neighborly Transportation seven days prior to the day on which transportation is needed. For example, call on Monday if transportation is needed on the following Monday. To request transportation, call 727-571-4384 between 9:00 a.m. and 2:30 p.m. Monday through Friday. Clients should also call 571-4384 to confirm or cancel a trip or to notify scheduling that they are ready to return home. Each client should allow at least 30 minutes for a driver to return to the medical facility for passenger pickup.

There is no fee for this service, although donations are encouraged.
